PROFILE

Bachelor of Science in Information Technology graduate majoring in Computer Science and Information Systems from North-West University. I have a strong foundation in Python, C++, C#, Java, HTML/CSS, and JavaScript, with hands-on experience through academic and personal projects. Passionate about building scalable, secure, and user-friendly applications, I am eager to contribute as a Software Developer Intern or Junior Developer in a dynamic team.

EDUCATION

2022 - 2025	**North West University** Bachelor Of Science in Information Technology
	Studied some core modules including Object-Oriented Programming, System Analysis and Design, Databases, Computer Networks, and Artificial Intelligence, completing the degree with a GPA of 70.71.
2014 - 2019	**Magwagwaza High School** National Senior Certificate

SKILLS

Programming Languages: Python, C++, C#, Java, JavaScript, HTML, CSS

Frameworks / Platforms: .NET (C#/.NET Core)

Networking: Cisco routing and switching

Tools: Git, SQL

Soft Skills: Problem-solving, teamwork, communication

PROJECTS

Campus Connect – Web-Based School Admin System
Collaborated on a team project to develop a school administration system using C#, HTML, CSS, JavaScript, and SQL, handling both front-end and back-end development, including student management, course registration, and a relational database for efficient data management.

SQL Databases
Designed and managed a relational database using SQL queries to gain practical experience in database systems and their applications.
